ACM10121 Certificate I in Animal Care Industry Pathways

Do you have a passion or interest in animal care? Are you able to work independently and within a group situation and want to gain some more knowledge about the animal care industry?

Then ACM10121 Certificate I in Animal Care Industry Pathways could be for you!

In this course, you may:

- Learn about animal care and management
- Learn how to assist with routine activities within the animal care industry
- Learn about different job opportunities within the animal care industry
- Work within a team environment to care for animals on campus.

Career pathways

This qualification provides a pathway to complete further study opportunities within the animal care industry, volunteer at animal shelters or as an assistant animal care worker.

Future Study Pathways

ACM10121
Certificate I in Animal Care
Industry Pathways

ACM20121 Certificate II in
Animal Care

Units

Units are subject to change and will be confirmed upon enrolment

| Code | Name |
|------------|---|
| ACMGEN101 | Explore job opportunities in animal care and related industries |
| ACMEGEN102 | Approach and handle a range of calm animals |
| ACMGEN103 | Assist in the care of animals |
| ACMWHS201 | Participate in workplace health and safety processes |
| FSKOCM002 | Engage in short and simple spoken exchanges at work |
| ACMGEN202 | Complete animal care hygiene routines |
| ACMGRM201 | Bath, dry and brush domestic dogs |

ACM20121 Certificate II in Animal Care

Units

Units are subject to change and will be confirmed upon enrolment

Do you have a passion or interest in animal care? Are you able to work independently and within a group situation? Do you want to have the opportunity to complete work placement within the animal care industry? Then ACM20121 Certificate II in Animal Care could be for you!

In this course, you may:

- Gain the skills and knowledge needed for entry level and support roles in the animal care industry
- Learn about animal care and management
- Learn how to assist with routine activities within the animal care industry
- Learn about different job opportunities within the animal care industry

Career pathways

This qualification provides a pathway to complete further study opportunities within the animal care industry. It can also provide students with the opportunity to work at veterinary clinics, sanctuaries, animals shelters to name a few.

Future Study Pathways

| ACMGEN201 | Work in the animal care industry |
| ACMGEN202 | Complete animal care hygiene routines |
| ACMGEN203 | Feed and water animals |
| ACMGEN204 | Assist in health care of animals |
| ACMSUS201 | Participate in environmentally sustainable work practices |
| ACMWHS201 | Participate in workplace health and safety processes |
| BSBCMM211 | Apply communication skills |
| ACMGEN101 | Explore job opportunities in animal care and related industries |
| ACMGEN205 | Source and provide information for animal care needs |
| ACMGRM201 | Bath, dry and brush domestic dogs |
| ACMGEN102 | Approach and handle a range of calm animals |
| ACMGEN309 | Provide basic animal first aid |

AUR10121 Certificate I in Automotive Vocational Preparation

Units

Units are subject to change and will be confirmed upon enrolment

Is your brain full of car facts? Are you a Bathurst diehard, or is the F1 more to your speed? This course will suit you if you're someone who has always loved cars, and would like to understand how they work and how an automotive workshop operates.

In this course, you may:

- Gain the basic skills needed to work in the automotive industry
- Learn about automotive electrical systems and components
- Use and maintain tools and equipment
- Perform practical skills in a workshop environment
- Undertake practical work placement

Career pathways

This qualification provides the first step on a pathway to the automotive retail, service, and repair industries. It provides an entry point for further training into a range of roles such as Light Vehicle Mechanic, Diesel Mechanic, Auto Electrician, and Parts Interpreter.

| Code | Name |
|-----------|---|
| AURAE011 | Identify environmental and sustainability requirements in an automotive service or repair workplace |
| AURASA001 | Apply automotive workplace safety fundamentals |
| AURETR103 | Identify automotive electrical systems and components |
| AURLTA101 | Identify automotive mechanical systems and components |
| AURTTK102 | Use and maintain tools and equipment in an automotive workplace |
| AURTTA002 | Assist with automotive workplace activities |
| AURTTA009 | Carry out mechanical pre-repair operations |
| AURVTN007 | Remove and clean salvageable vehicle components |

Future Study Pathways

AUR10121 Certificate I in Automotive Vocational Preparation

AUR20720- Certificate II in Automotive Vocational Preparation

CHC22015 Certificate II in Community Services

Are you passionate about helping others, especially those from diverse or vulnerable backgrounds? Do you want to start a career in the Community Services Sector? Do you want to gain foundation skills for working within Community Services before progressing to higher qualifications? Then CHC22015 Certificate II in Community Services could be for you.

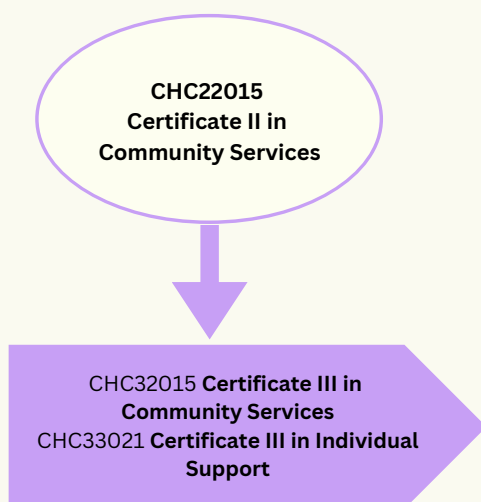

In this course, you may:

- Gain communication and teamwork skills
- Learn how to provide initial support to clients
- Gain work place health and safety skills and knowledge
- Implement skills learnt in a simulated care space

Career pathways

This qualification provides a pathway to undertake further study within the Community Services sector. From Disability support worker, Community Care worker, Aged care assistant.

Future Study Pathways

Units

Units are subject to change and will be confirmed upon enrolment

| Code | Name |
|------------|--|
| CHCCOM001 | Provide first point of contact |
| CHCCOM005 | Communicate and work in health or community services |
| CHCDIV001 | Work with diverse people |
| HLTWHS001 | Participate in workplace health and safety |
| BSBWOR202 | Organise and complete daily work activities |
| FSKDIG03 | Use digital technology for routine workplace problems |
| FSKLRG09 | Use strategies to respond to routine problems |
| BSBWHS332X | Apply infection prevention and control procedures to own work activities |
| HLTAAP001 | Recognise healthy body systems |

CHC30121 Statement of Attainment in Certificate III in Early Childhood Education & Care

Do you enjoy spending time with children? Do you get joy from watching children learn and develop? Do you display empathy, kindness and patience with children aged 0-5 years? Do you enjoy planning engaging educational activities for children to participate in? Do you see yourself working in the Early Childhood Education and Care sector, from a childcare educator, family day care educator or even an Early Childhood Teacher? Then this course is for you.

In this course, you may:

- Gain knowledge around work place health and safety in the Early Childhood Education and Care sector
- Enhance your employability and readiness for further studies within the Early Childhood Education and Care sector
- Gain hands on experience through on campus practical experiences such as play group sessions for 0-5 year olds. electrotechnology discipline

Career pathways

This qualification provides a pathway to undertake the remaining units of Certificate III in Early Childhood Education and Care in year 12, or through other RTO's or through a traineeship in the Early Childhood Education and care sector .

CPC20220 Certificate II in Construction Pathways

Are you the person who loves checking out new buildings and admires perfect joinery? Do you get a kick out of building something from scratch? Maybe your first timber project still sits proudly in your bedroom. The foundational entry-level skills taught in this course will help you pursue an apprenticeship or further study in the construction industry.

In this course, you may:

- develop your practical construction skills in the workshop
- learn how to use a range of tools for framing, bricklaying, plastering, and levelling
- carry out measurements and calculations
- learn how to stay safe in the workplace
- complete a basic construction project
- undertake a practical work placement.

Career pathways

This qualification provides a pathway to further study, an apprenticeship, or a career in the primary trades in the construction industry (such as carpentry, joinery, bricklaying, and concreting).

Further Study Pathways

CPC20220 Certificate II in Construction Pathways

CPC30220 - Certificate III in Carpentry
 CPC33020 - Certificate III in Bricklaying and Blocklaying
 CPC31920 - Certificate III in Joinery
 CPC31220 - Certificate III in Wall and Ceiling Lining
 CPC31320 - Certificate III in Wall and Floor Tiling

Units

Units are subject to change and will be confirmed upon enrolment.

| Code | Name |

| CPCCVE1011 | Undertake a basic construction project |
| CPCCWHS2001 | Apply WHS requirements, policies and procedures in the construction industry |
| CPCCCA2002 | Use carpentry tools and equipment |
| CPCCCA2011 | Handle carpentry materials |
| CPCCCM2006 | Apply basic levelling procedures |
| CPCCCO2013 | Carry out concreting to simple forms |
| CPCCCM2009 | Carry out basic demolition |
| CPCCCM1011 | Undertake basic estimation and costing |

* Standalone Unit - White Card

ICT20120 Certificate II in Applied Digital Technology

Do you enjoy exploring how technology works and want to build confidence using digital tools? Do you want to learn how to use common software, troubleshooting basic issues and work safely online? Are you looking to develop real world skills that can be applied to entry level jobs or further study? Then ICT201220 Certificate II in Applied Digital Technology could be for you.

In this course, you may:

- Understand basic cybersecurity and safety online practices
- Learn how to use common digital tools and software
- Interact and resolve queries in relation to ICT
- Maintain ICT equipment
- Install software applications

Career pathways

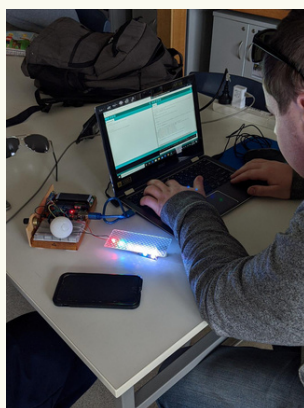

This qualification provides a pathway to work as an IT support assistant, data entry operator, customer service representative and future study pathways within the ICT sector.
